

Five College Students on Europe Trip

Five Palos Verdes College students, directed by Arthur B. Adair, college art instructor, have left New York for a two month tour of western Europe and the Mediterranean area. Students, who will receive academic for the trip, include Janet Hadley, Nancy Ince, David Shiras, Marlene Bowers, and Janet Denton. Mrs. Muriel C. McAllister, of Palos Verdes Estates, is also taking the tour. The party will include students from other colleges, as well as a number of adults. This tour is one of 14, sponsored by American and European college under auspices of the Student International Travel Association (SITA). The program, begun in 1933, stresses advantages of combining travel with serious study.

Commercial Vehicle Tabs Due July 6

Applications for quarterly registrations of commercial vehicles are due before July 6, according to Leavitt Tudor, manager of the Torrance branch of the Department of Motor Vehicles. Trucks, trailer, buses, and combined vehicles must carry quarterly weight fees, in addition to annual registration and license fees. Quarterly payments may be omitted when the vehicle is not used during the three-month period. The \$2 fee may be brought or mailed to the local office at 1317 Cravens Ave. Tudor urged registrants not to send cash through the mail to pay for the fees, but use check or money order.

Guard Group Makes Switch

Southern California's largest National Guard organization, the veteran 40th Infantry Division, swapped its historic role in the infantry for a new mission with its redesignation today as the 40th Armored Division. The change, it was announced by Maj. Gen. Homer O. Eaton Jr., commander of the famed division, became effective 0001 hours, military time one minute after midnight of June 30, to day. As a result California now has one of only three armored divisions in the National Guard. The other two are located in Texas and New Jersey. Individual units of the division, stationed in 50 communities between Santa Maria and the Mexican border, were likewise redesignated as they assumed the functions of armored organizations, Eaton reported.

No Water—No Fire
Chardon, Ohio—The local fire chief recently told local residents: "If we have a fire tonight, there's no use calling out the Fire Department; we have no water."
